

# BENJAMIN.

Designer: Benny Frandsen.

## PENDANT.

The cone is a classic geometric shape like the cube and the sphere. Vilhelm Lundstrøm plays with these forms in his paintings of minimalist tableaux, and now the cone has become the principle element in the Benjamin lamp series, designed by Benny Frandsen. All models feature a distinctive conical shade, a sharp graphic design and a monochromatic look.

Benjamin pendant is perfect for your dining or kitchen table - but it also works together with a work table. The shape of the shade combined with white lacquer on the inside provides excellent light with a clean line where the pendant creates a space-in-a-space when illuminated. An effect that becomes even more striking when combined with the latest decorating trend of dark colours on walls and floors.
