

LOWIE IP54 2X LED GI

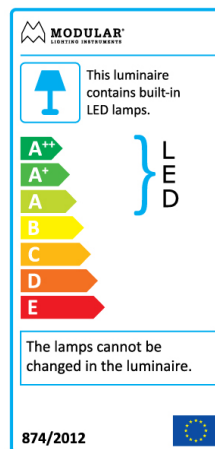

Lowie is the noble member of a highly versatile outdoor family (IP54). Together with Lowieze, they will turn your garden into a theatrical spectacle, like light binoculars. Lowie (for wall mounting) is a perfect example of form blending with function. The cylindrical light units can rotate fully around the body, which is also a cylinder, and can therefore be used as uplighters or downlighters independently of each other. Available with one or two light units.
