## MINI MULTIPLE TRIMLESS

#### MINI MULTIPLE TRIMLESS 3X GU10

After twenty years still one of the architect's favorites. Mini multiple trimless, with its minimalistic features becomes part of the interior. Its dark or white casing vanishes when switching on the light. The versatile Multiple leaves nothing to the imagination with the technology on full display, allowing this luminaire to fit well into both a minimalist and an industrial-chic environment. The gimbaled system allows you to direct the light source at any angle of your chouce. Connect Mini multiple trimless with Smart by adding the Smart frontrings to your recessed spot.
